Restore your body's natural balance, reduce seasonal allergies, fatigue, inflammation and chronic pain. Comprised of essential multivitamins and other nutrients, this IV provides hydration, improves immunity, reduces chronic symptoms associated with pain, asthma or migraines and helps to alleviate stress.

Magnesium Chloride | B1, B2, B3, B5 & B6 | Hydroxo B12 | Calcium Gluconate | Ascorbic Acid

**\$125**

## Glutathione IV

Glutathione (GSH) is commonly known as the body's most important antioxidant. It fights almost any disease, particularly those associated with aging. GSH levels fall dramatically as we age. The only effective way to dramatically increase GSH levels is through IV infusion or direct injection.

GSH may prevent and reverse the effects of toxins and free radicals, rejuvenate skin and cleanse vital organs. IV GSH supplementation may help with improvement of symptoms associated with Fibromyalgia, Alzheimer's, MS/MD, Liver Disease, Autoimmune Diseases/Weakened Immune System, Adrenal Fatigue/Chronic Stress.

**GSH IV**

**\$200**

**Add GSH to any drip**

**\$100**

## Nicotinic Adenine Dinucleotide (NAD)

Cellular coenzyme derived from Vitamin B3, its main function is the production of energy in every cell.

Outside of the cell it stimulates the synthesis of neurotransmitters and the restoration of neuroreceptors (Serotonin and Dopamine). Potential benefits: boost metabolism, decrease pain and inflammation, diminish fatigue and brain fog, promote longevity, improve mood and help with addiction recovery. Expect to experience a progressive physical and mental health improvement.

**1 mg = \$1**

**Recommended Starting dose= 50 mg**

**Recommended Subsequent dose= 250 mg**

**\$50 discount for all infusions ≥ 250 mg**

## Nutrient Injections+

**B Complex 1000 mcg**

**\$20**

critical in energy metabolism reactions especially with carbs, helps w/fat-burning, improves energy

**Hydroxocobalamin (B12)**

**\$10**

Serves as building block for cells and nervous system.

May improve energy production and mood regulation

**Biotin**

**\$20**

Cofactor in metabolism of fatty acids, amino acids and plays a role in producing energy

**Tri-Immune Boost**

**\$25**

Boost your immune system w/the most powerful anti-oxidants (Glutathione, Zinc and Ascorbic Acid).

**Amino Blend**

**\$25**

Peptide sequence that aids in fat breakdown and energy.

**Mineral Blend (Mg, Zinc, Manganese, Copper, Selenium)**

**\$25**

Helps w/muscle/bone health, immune health, sleep, nervous system/brain, energy and insulin regulation.

**Vitamin D3 50,000IU**

**\$25**

Aids in bone health, heart function, blood sugar control, immune balance, mood and GI health.
